## Coming Events

The Anglican Guild will hold their Annual Bazaar on Saturday, December 5th, in Shrimpton's old store.

The Ladies Aid of Sacred Heart Church, Strathmore, are having a tea and panty sale in Shrimpton's old store on Saturday, November 28th.

A demonstration in basketry work will be given by Miss Tillie, under the auspices of the U.F.W.A. and Women's Institute on Wednesday, November 25th, in the basement of the Union Church, Strathmore. There will be two demonstrations, one at 10.30 a.m. and one at 2 p.m. Everyone interested are cordially invited to attend.

## Conservatives Convene At Strathmore Monday

For the purpose of organizing the electoral division of Gleichen, and the selecting of a candidate to contest the next provincial election, a Conservative Convention will be held in the Memorial Hall, Strathmore, on Monday, November 23rd, at 3 p.m.

Electors from all parts of the riding, both men and women, are welcome. The Conservative leader, Mr. A. A. McGillivray, will not be present personally, but will be represented by Dr. G. D. Stanley, who will address the meeting immediately following the choice of a candidate. Mr. Fred Davis, M.P. for 22nd Calgary, is also expected to be present.

## RENOVED TRAVELLER AND SOLDIER COMING TO STRATHMORE

Under the auspices of the United Church a distinguished son of Canada will visit this district on the third of December when Mr. A. J. Brace, of China, will be here. Mr. Brace is a veteran of the Great War and of the South African War as well. He has spent many years in China, and has travelled through the little-known land of Tibet. He has a first hand view of the Chinese problem as it exists today—the view of a scholar and a fair-minded man. He is a missionary of the United Church. Announcement of the time and place where he will speak will be made later.

## NEW TYPE ENGINE FOR LOGGING CAMPS

Diesel engines will be brought into use in the logging camps of the Pacific coast next year, if recommendations before the Pacific Logging Congress, held recently in Seattle, are adopted. The increasing remoteness of timber regions and the prohibitive cost of wood and gasoline make it necessary, it is said, to find some other form of power.

## Threshing Will Soon Be Over

Spell of Dry Weather is Bane to Farmers.

There was a time within the past two months when the threshing of the 1925 crop within the current year was a matter of considerable doubt, but the past two weeks of fine weather have settled the uncertainty. Every cut in the district has now been working continuously for the past two weeks. Some have now completed their run, and a few days more will see all the threshing completed.

The elevators throughout the district have been working steadily receiving grain and loading it into cars. The embargo declared last week against further shipments to Vancouver will have the effect of increasing stocks in country elevators, but the embargo is only for the purpose of allowing the tough grain to be treated. Tough grain has been coming in in large quantities than it could be treated in Calgary or Vancouver.

The grain being taken in is grading mainly No. 2 and 3, a large proportion being tough. The yield has been high. Summerfallow is going 30 bushels and over, occasional fields running up to fifty bushels. Some of the stubble crops are going as high as thirty.

There is no doubt that but for the wet weather, causing delay in threshing and lowering in grade, the 1925 would have been the largest average since 1915.

"Wild, Wild Susan," a Paramount comedy-drama starring Bebe Daniels, with Rod La Rocque featured in support, shows at the Memorial Hall Saturday.

The story concerns a New York society girl, who takes over the traces and turns detective for adventure. Does she find it? You can just bet your life she does! It's Bebe's best picture to date.

Edward Sutherland directed the production, a screen version of Stewart Emory's Liberty magazine story, "The Wild, Wild Child."

## Wife Assault

J. Foster, a Belgian, farming close to Strathmore, was on Thursday committed for trial in Calgary on a charge of having assaulted his wife by throwing a pot containing boiling meat at her. The assault was stated to have been committed on the evening of November 10. Evidence was given by Mrs. Foster, Fred Klinton, town constable, Dr. Moore and others, as to the assault, and the injuries inflicted. No evidence was led for the defence.

The Justices were Messrs Lamont and Vickery. Mr. T. M. Weary acted for the prosecution, and Mr. J. J. Pettie for the defence.

## Namaka Notes

A carload of cattle was shipped to Calgary through the U.G.G. last week.

One more phone has been added to the Namaka exchange—Mrs. Haggood having one installed.

Mrs. Fendy, of Calgary, visited with Mrs. J. W. McIntosh the beginning of the week.

Threshing is now completed in the district, but the grading of grain has been very unsatisfactory to the producers.

Mr. and Mrs. Keith and Mr. and Mrs. Harris, of Calgary, spent Thanksgiving in Namaka.

Mrs. Baker and Rex visited in Kathryn and Irricana district over Sunday.

The next meeting of the Ladies Aid will be held at the home of Mrs. Watts on December 10th. The ladies are arranging for a Turkey Supper on December 6th.

## Carseland

DOUBLE WEDDING

A double wedding took place at the United Church parsonage at Carseland on Thursday, November 12, 1925.

The bridal parties were: Emerald Leland Fair, son of Mr. and Mrs. Clyde H. Fair, of Carseland, and Miss Berlie Leona Aldrich, daughter of Mr. and Mrs. Peter Aldrich, of Whitefish, Montana; and Leonard August Gehrike, son of Mr. and Mrs. William H. Gehrike, of Carseland and Aileen Alberta Fair, daughter of Mr. and Mrs. Clyde H. Fair, of Carseland.

The brides looked charming in dresses of mauve rose with rhinestone centres, the bridal flowers were roses. The Rev. Percy Johnson officiated at the ceremony. After the happy couples had partaken of lunch, they left by auto for Calgary, Edmonton and other points.

The brides' travelling costumes were of navy blue cloth with sand trimmings, and brown cloth with brick trimmings.

The popular esteem in which the young couples are held was manifested by the large number of many friends to give them a happy send off as they left Carseland.

The community is glad to know and heartily welcome the settlement of two new homes in the community.

The Ladies Aid of the United Church at Blind Creek are planning for a sale of work of grace and useful articles, to be held in the schoolhouse, Blind Creek, on Friday, November 15th, when a splendid collection of articles suitable for Xmas presents, will be sold.

## "HEALTH AND HYGIENE"

Lectures in Strathmore on November 25th.

Under the direction of the Provincial Health Department, lectures are illustrated by moving pictures, will be given in Strathmore on the afternoon and evening of November 25. The afternoon lecture will be for ladies, and the evening lecture for men.

The lecturer is Mr. F. T. Cook, formerly of Carseland. The lectures are free, and very educative. Everyone is welcome.

## Langdon Notes

Mr. and Mrs. C. Graham are happy over the arrival of a baby boy, born September 9th.

Everybody is welcome to attend the bakery demonstration in the W. I. Club Room, Saturday, Monday, and Tuesday, November 21st to 24th, from 2 p.m. to 5 p.m. and from 8 p.m. to 10 p.m.

Nearly all the threshing is completed in the Langdon district.

A report of Mrs. Brander's successful retail will appear in next issue.

Mrs. Garrett, of Watrous, Sask., is visiting her daughter, Mrs. J. J. Colwell, for several weeks.

## Dalemead

The play "Aaron Slick from Pumpkin Creek" will be given on the 27th of November instead of the 26th.

Threshing has been finished in the vicinity, and no one is sorry as it kept on so long.

Quite a number from Dalemead went in to Calgary to see "Ransom Time."

The U.F.W.A. held their meeting Thursday, and will hold their bazaar on the 11th of December.

Mr. and Mrs. Van Alstine and children were visitors at the home of Mrs. Van Alstine's parents near Tudor.

To Clean White Furniture

Dissolve 1 teaspoon soda in 1 pint warm water. Rub on furniture with a clean, soft cloth. Then dry with a clean dry cloth.

Refrigerate Cold Baked Potatoes  
Dip potatoes in hot water before placing in oven. Then put them in a warm oven. Rubake slowly.

### COOKING HINTS

**Peanut Brittle Fluff**  
1 1/2 pounds of peanut brittle.  
1/2 pound of marshmallows.  
1 bottle of whipping cream.  
Method: Grind peanut brittle. Cut up marshmallows. Whip cream stiff. Mix peanut brittle and marshmallows with whipping cream. Either chill or place in mould and pack in salt and ice.

**Cucumber-Pineapple Salad**  
Either 1 package lemon jello or 1 envelope of gelatin.  
2 1/2 cup of cold water.  
Salt.  
1 cup of boiling water.  
1 cup of canned pineapple cut in pieces.

1 cucumber (cut up).  
1/2 cup of sugar.  
1/2 cup of chopped nuts.  
Juice of 1 lemon (if gelatin is used).  
Method: Dissolve gelatin in cold water. Add boiling water, salt, sugar and lemon. When it starts to stiffen, add cucumber and pineapple. Put in mould or individual moulds and chill. Serve on lettuce with mayonnaise dressing.

### ALL YEAR RELISH

(Quite Different and Good)  
Cut up fine—red and green peppers. A little onion—cut up fine. Mix all together with lemon juice, a little sugar and desired seasoning. Serve with any kind of meats.

### BAKING HINTS

#### Quick Cake

1 cup of sugar.  
Little salt.  
2 eggs or 2 egg whites.  
2 teaspoons of baking powder.  
1/2 cup of shortening.

1/2 cup of milk.  
2 scant cups of flour.  
Flavoring.  
Method: Mix ingredients altogether and beat 2 minutes. Bake in moderate oven.

### Chinese Chews

1 cup of sugar.  
1 teaspoon of baking powder.  
1 cup of chopped dates.  
1/2 cup of paste flour.  
1/2 teaspoon of salt.  
1 cup of walnut meats.  
2 eggs.

Method: Mix dry ingredients. Add nuts and dates and beaten eggs. Spread in a thin sheet. Bake. Do not let it get hard on edges. Cut in 1 1/2 in. squares. Cool. When cool enough roll in balls and roll balls in granulated sugar. This makes 36

balls.

### "JUST DIFFERENT"

#### Baked Apples

In most localities apples are abundant at practically all seasons, but they are inclined to be better at this particular time of the year. Perhaps no one fruit lends itself to serving in more varied ways and a baked apple doesn't necessarily mean the usual kind that is served at breakfast. Baked apples filled with tempting dainties would never fail to make an appeal as

dessert.

Select six large firm, tart apples, core and pare them about one-third of the way down from the stem end. Place them with the peeled surface upward in a deep enameled ware dish, the vitreous, porcelain-like surface of which makes it perfect for this use. Make a syrup of one cupful of sugar and one and one-half cupfuls of water boiled together for six minutes. Squeeze some lemon juice over the peeled part of the apples, pour the syrup over them and bake in a moderate oven for ten minutes. Then remove from the oven and fill the cavities with a mixture made of chopped dates and raisins which have been mixed with cinnamon and marshmallow. Return to the oven for thirty-five minutes and taste occasionally.

## Boy Scout Notes

### BOY SCOUTS' WHIST DRIVE

The whist drive held on the 15th in aid of Troop funds was one of the most successful held in Strathmore.

A good crowd turned out and all expressed their opinion that they had a real good time. Prizes were won by Miss Ida Fredericks and Mr. Syd Hyatt. Mrs. Galskell and Mr. Boissevain got the trophies.

The funds of the troop were boosted considerably by the effort, and every-day present is now willing to admit that the boys made a first-class job of the supper which consisted of fried steak, beans and baked potatoes.

Mayor Bell spoke a few words in connection with the Scout movement, and hoped that all would co-operate in making it a huge success in the town and much good would result.

### FIRST STRATHMORE TROOP BOY SCOUTS

At Monday's meeting of the boys much pleasure was expressed at the results of the whist drive last week.

A number of the boys wish to earn the money for their uniforms, and any having a job to do are being asked to phone 58, and Scoutmaster Dunn will arrange for a scout or scouts to be sent. Residents are assured of a good job being done at a small charge.

The troop will be glad to receive any toys which have been discarded by their owners, and will have all broken toys repaired and sent to the Herald Sunshine Fund for Christmas distribution. Phone 58 and arrangements will be made for the collection of them.

The scouts will prove their value to the community, and they will appreciate any help you can give.

## Hockey Club is Reorganised

A well-attended meeting was held in the Town Hall on Monday evening for the purpose of re-organising the Hockey Club and Skating Rink for the season 1925-26.

Plans for the ensuing season were discussed, and there is every likelihood that Strathmore will have a first-class hockey team this season. The rink will be flooded as soon as weather permits. Everything in connection with the rink is in first-class shape at present, just waiting for a cold spell.

Hours for hockey practice were set as follows: Monday, Wednesday, and Friday, 7 to 9 p.m., skating 8 to 10 p.m. Tuesday, Thursday and Saturday, skating 7 to 10 p.m. Children are to be off the ice by 9 p.m. nightly. The rink will also be available for children's skating in the afternoon, so long as weather permits.

Prices for season tickets were set as follows: seniors \$5, ladies \$3.00, students \$2.50, children \$1.50, family ticket \$10, ticket covering admission to five hockey games \$2.00.

Following are the elected officers and executive:  
President—Thos. E. Wright.  
Vice-President—Ber. Fessenden.  
Sec. Treas.—Wm. Gray.  
Executive Committee—F. K. Miller, W. Samuels, A. McFarland, E. W. Butler, Met. May, A. P. Gray, T. Milson, and Robt. Brown.

## Golf News

The first round of the club handicapped competition was played on Sunday, November 15th, and the second round drawn for the 22nd is as follows:  
J. Van Tildem 12 vs. E. N. Ridley 20  
W. G. Knyvet 21 vs. Wm Gray 19  
G. H. Patrick 26 vs. Walter Gray 20  
F. K. Miller 22 vs. Archie Gray 20  
Players should arrange their own time of starting, and should obtain cards from F. J. Dunn so that they can see where they should take the handicaps.

## Standard Notes

A great improvement was made last week in the appearance of Standard's main street, when a wide board walk was constructed from the J. F. Hansen corner.

Mrs. Jay Schooning arrived from Calgary on Wednesday to spend a holiday with her parents, Mr. and Mrs. A. Anderson, of Lang Beach.

Reverend and Mrs. Mathias Christensen, of Calgary, were guests at the house of Mr. and Mrs. Jens Rasmussen last week.

A large party of Standardites enjoyed the Armistice Dance put on by the G.W.V.A. in Chancellor last Wednesday night.

Among those who went to Calgary to see "Blossom Time" last week end were Miss M. A. Peden, Miss Leola Anderson, Messrs L. O. Allen, Magnus Christensen, H. C. Farthing and Mr. and Mrs. F. D. Knowlton.

Mr. H. C. Farthing returned from Calgary with a Ford Coupe this week.

The Women's Institute executive met at Mrs. Messenger's on Thursday. A report of the enjoyable masquerade last Friday will appear in next issue.

"MEN'S BETTER WEAR"

## Why a Hollywood Boulevard Was Deserted!

If you want to step out in style this winter, madam—match your fur coat with a live animal bearing the same name! Then, after said animal to a chain or rope, parade down the street and give the neighbors an "eye full." Of course, take care that the beast is well fed before you start or it doesn't suddenly decide to make a meal out of some friend's ankle and, thereby, get you into a suit for damages.

You see our fashion reporter says that it's a new fad—started by Miss Marian Nixon, the film star. Miss Nixon created quite a sensation recently when she appeared on a Hollywood boulevard attired in her new leopard fur coat and leading her pet leopard on a leash. And wherever she went she got "pinky off from." No wonder—that's a business-like looking "pussy-cat" she had with her, as the above photo indicates.

To be sure, as our fashion expert writes, there's a limit as to how far a woman can go with this fad. If she were to appear on the street with a raccoon, a seal, a squirrel, a skunk or any other such animal simply because it matched her fur coat—she might get "pinned" for blocking the traffic.

So you'll have to use your own judgment—ladies!

## Wants a Quieter Hallowe'en

Editor, Strathmore Standard.

Dear Sir:

On Friday evening last I enjoyed to the fullest extent the excellent entertainment given to the citizens of this town by that splendid organization of the present day, viz. the Boy Scouts.

When at this fine supper of good will and conviviality, Mayor Bell spoke of the vandalism perpetrated on Hallowe'en night by grown-up boys and girls of this town, acts of hatred, malice, and vulgarity, which were of our greater injury to the success in life of the perpetrators than they could be harmful to the innocent sufferers. I fully endorse every word he said, but when he spoke of the Hallowe'en night, I could not at all agree with his proposal.

These acts of brutality are committed by members of our community when they are just opening up into manhood and womanhood, needing guidance and education. It is generally an utterance of a cry of anguish. It means give us a real interest in life, guide us into the path where our energies may freely express themselves in a manner which will give us joy and initiative to do things. The Scout movement is the great means to put higher and better ambitions into the unfolding hearts of our young people, as also is the organization of Girl Guides.

My suggestion is that as soon as those who coincide with this view of the affair get together to discuss the problem and suggest a suitable solution of the matter so that next Hallowe'en night those young people, who in the past committed acts of wanton degradation and annoyance upon absolutely harmless and right-doing neighbors in the meanest and most cowardly manner, may be won over by some means of entertainment to make of Hallowe'en a source of mutual good will, emulating the scout movement and cementing the bond of good citizenship to the fullest most comprehensive sense of the term. Drive out fear, establish mutual confidence, and build up the spirit of cooperation, and we will gain sisters and brothers in great credit to the community instead of fostering a sea of male and female hoodlums to fester the welfare of our community and make life a burden upon all.

Yours for a better social spirit,  
DANIEL F. BOISSEVAIN  
Strathmore, Alberta.

The resume of a world cruise culminated in New York City recently when Dorothy Holman O'Brien, daughter of Major-General Sir John P. O'Brien, of New York, married Darwin Curtis, of Chicago. The couple met for the first time a year ago on board the Canadian Pacific liner Empress of France, which was then making a tour of the world. It is feared they did not see for the world marvels which were unveiled before them on the tour, since it is stated they fell in love at first sight and could only see each other. The marriage was performed by the Rev. Father Francis P. Duffy, chaplain of the "Fighting Sixty-ninth," a regiment commanded by the bride's father during the war.

Good reading for Canadian Pacific shareholders is furnished in the September statement of gross earnings, working expenses and net profits. It has been the most favorable month for the company in a long time. The gross earnings were \$18,966,071, the greatest shown in any month since October, 1921. Operating expenses were \$12,641,452 and the difference between the two, the net profits \$2,637,019, an increase of \$1,719,973 over the corresponding month of last year. Net earnings for the first three quarters of this year, ending September 30th, is \$1,190,030 greater than the 1924 figures, despite a decrease in gross earnings of over four and a half million dollars. This was made possible by the company's policy of rigid economy.

To bring the Arctic within the scope of tourist traffic is the object of the Marquis M. N. de la Riviere winter sports director at Lake Placid, who is organizing pack horse trips of thirty days' duration next year from the Canadian Pacific Rockies as far north as the Columbia Ice Fields within the Arctic Circle. He is going to swim our horses and outfit across the Saskatchewan River and camp near the sources of the Athabasca which empties into Great Slave Lake and thence into the Arctic. The Marquis asserts. The first of these trips is scheduled between June 28 and July 27 next year.

Mr. S. J. Ferns was a visitor to Strathmore over the weekend. Mr. Ferns, who was formerly in charge of the poultry department of the Demonstration Farm at Strathmore, is now Dominion Government Poultry Inspector for Western Canada, with headquarters at Calgary.

Mr. and Mrs. Roland Hill are rejoicing in the birth of a daughter last Wednesday.

As briefly reported last week, Miss Doris M. Field, daughter of Mr. and Mrs. G. B. Field, of Carleton Place, had the honor of winning the "Archie McKillop" scholarship, awarded the student gaining the highest marks at Department grade XI examinations in the C.C.I.

Mr. and Mrs. Burnett, of Nanaimo, parents of Mrs. A. D. Shrimpton, are visiting with Mr. and Mrs. Shrimpton.

A son was born to Mr. and Mrs. James Drummond, on Sunday. Miss DuRoi, of Legal, Alberta, is at present visiting with her sister, Mrs. H. M. Thorburn.

Little Abigail McGregor returned home to Strathmore on Sunday, after a long stay in hospital in Calgary.

If the present activities of the south in this district continue, the immigration problem will cease to be one of the politicians' worries.

Dr. and Mrs. A. W. Gilvin returned to Strathmore on Sunday afternoon, after a long stay in Calgary.

Mr. and Mrs. S. Wright, of Cochrane, Quebec, are spending the winter with Mr. and Mrs. Thos. E. Wright. They are Mr. Wright's parents, and have always taken considerable interest in Strathmore.

Recent births include a son to Mr. and Mrs. Walter Snooks, and a daughter to Mr. and Mrs. McLeod.

## ILLUSTRATED LECTURE

A very fine lecture was given last Thursday evening in the United Church by Mr. H. L. Whitney, B.Sc., on Astronomy. The lecture was illustrated with beautiful slides loaned for the occasion by the Extension Department of the Alberta University. The large number of young people present were very much favored with such an instructive treat. One of the badges of the Trail Ramblers is for knowledge of this subject, and some understanding of it is required for the certificate of Grade IX in the high school. Thus this part of a programme at the Y.P.S. was well chosen.

## Ready to Roll the World's Grain Caravan

To the average person a railroad shop is perhaps the most uninteresting institution one could possibly think of. It suggests to one's mind everything that is cold and inanimate—dry—gray. Even the fence surrounding these stolid premises looks forbidding, like a prison wall.

But during the great Canadian grain rush from West to East there are few places in the West more interesting than the Weston Shops of the Canadian Pacific Railway at Winnipeg. Where 600 cars a day are repaired and shot out the next day to resume their place in the big rolling movement of the world's grain caravan.

The institution, quietly situated on the eastern outskirts of Winnipeg, is among the big things of the world of the West. It employs over a hundred men on the premises, and has a monthly payroll of \$25,000. Weston Shops, which last year repaired 20,516 cars, 253 coaches and 194 passenger and mail cars, is a place where a half dollar's worth of material gives one the impression of being a big, roll-contained world of a big railroad system.

Here who have held their jobs for more than ten years, and there are another 100 men who have been in the service for twenty years and more.

Weston Shops cover 23 acres of land, fenced in and guarded at each entrance by an attendant. Inside the fence is a separate railroad yard containing 40 miles of track. One thousand cars are being shifted about continuously by three shift engines. Every day in the week from 600 to 800 cars are repaired and shunted out of its gates into the main line of the railway.

These shops use up \$300,000 worth of material annually and they turn out 120 tons of coal each day, all West Canadian coal.

One of the most interesting parts of this institution is an apprentice school where 140 boys attend school in the company's time, receiving regular wages. They are learning the technical side of railroading. They study arithmetic, geometrical and mechanical drawing and enter regularly into the practical side of shop life.

A unique part of the shops is a section where all the scrap iron and metal waste from Ford William to Calgary is gathered and shipped in to be re-made into iron castings. The company saves \$35,000 a year from these reclaimed metals.

Passenger and freight car wheels for western lines are also made here. The wheels must be ground while both wheels are on axle, and both must be made exact in size within a hundredth of an inch. For it, as the foreman explains, one wheel is an eighth of an inch larger than the one on the other side of the axle, and the other wheel will want to travel an eighth of an inch farther every time the other one turns over, thus wearing down the flange and spoiling the track—and causing danger to the entire train. Annually, 16,000 pairs of new wheels are made here.

And on these wheels roll the world's grain caravan.

## United Church Notes

We are glad to state that Rev. H. D. Marr, the secretary of the Bible Society, Calgary, will speak at Crossfoot, Jarvis, and Rockyford next Sunday. Mr. Marr will speak on the origin of the Bible, and also on the 40th Anniversary of the Tindale translation into English. William Tindale was bitterly persecuted and eventually was martyred because of his work in translating the Scriptures. Come and hear all about him next Sunday.

The Rockyford Trail Rangers and Cubs had a great night on Friday last, when the Strathmore boys came over to a team supper and brought a little fun with them. We thoroughly enjoyed the programme they provided for us, and came to the conclusion that they are a fine lot of boys. We will surely give them a second welcome.

The Ladies' Aid have decided to hold their Annual Bazaar on Tuesday, December 8th, and will serve a first-class chicken supper from 6 o'clock to 8 p.m.

I don't forget that on Friday, November 27th, Mr. Stroum, of Calgary, will be here to give us a travel talk on his visit to Japan. There will be lantern slides, and everybody is heartily well come.

We understand that arrangements are under way for a first-class Xmas concert in the Town Hall.

Several dances are coming off in the near future. The Rainbow Orchestra play here on December 4th. Haintre Community Club will hold a dance at Rockyford on the 4th, and the Rockyford ladies will stage a dance on the 11th.

## Rockyford

Up until the beginning of this week 102,000 bushels of grain had been shipped from Rockyford. While it rained mostly tough and was somewhat reduced in grade on account of the weather grain being shipped now is fetching as good a price as No. 1 straight did at the beginning of September.

Threshing will be completed this week. Yields have been good, the average being about thirty bushels. At present there is a shortage of grain cars.

By mistake it was announced at the dinner last week that the store had been won by Mr. P. Collett. The first ticket drawn, however, was owned by a Mr. Harwood, employed with Mr. Glen Kennedy.

The showings of the "Ten Commandments" at Rockyford were largely attended and very interesting.

Mrs. Alice Dunsmore, of Portland Oregon, is visiting acquaintances in Rockyford district, and looking after her business interests.

A daughter was born to Mr. and Mrs. J. L. Smith Friday.

Mrs. T. A. Wells is in the Holy Cross Hospital, Calgary, at present. We are pleased to report that Mrs. Dan Kehoe is now discharged from the Holy Cross hospital convalescent.

Mrs. F. T. Holtman is at present in Rockyford Hospital suffering from rheumatism. Other patients at the hospital are Mrs. C. M. Griffin, who will be discharged recovered this week, and Mr. Ed. Miller, who is suffering from an attack of appendicitis.

Miss J. Martell, matron of the hospital, is at present on a two weeks vacation. Miss Johansson, Calgary, relieving.

## WHAT'S THE MATTER

WITH THE U.F.A.?

— 6 —

It is evident that there is an attempt being made to unseat Hon. J. H. Greenwood as Premier of this Province.

We do not refer to the Liberal or Conservative campaigns. Their purpose, of course, is inclusive of that, but open and above board.

There can be no doubt that a number of U.F.A. members of the Legislative Assembly are in favour of dropping the Premier. But if, so why not attempt it in the open, instead of by methods which they themselves denounced prior to being in power?

Premier Greenwood, since his accession to office in 1921, has gained greatly in the esteem of the common people. Not so much for any exceptional skill as a legislator or administrator, but from the fact that he is himself a man of the people, taken from the plow and thrust into the highest office in the Province. His administration has possibly not been brilliant, but it has been honest, and its general direction has been towards the benefit of the people as a whole. The Premier has created a very good impression among the residents of the cities and towns of Alberta, and among the other provinces by his never-failing optimism as an Albertan and his devoted persistence.

The U.F.A. organization succeeded in last election because of the desire of the public generally to get rid of parties in Provincial affairs. They have no desire to return to partyism, but neither do they want Government by a machine.

The U.F.A. has done great service for Alberta, but the individual member must take an active interest in the business of his association. For instance, each M.L.A. nominated by the U.F.A. should explain to his constituents at once where he stands on the membership issue. The members should represent the electors as a whole, not a section of them, but the section which nominates them can bring them into line with public thought.

Conditions are more prosperous in the farming community of Alberta than in 1921. This may explain the apathy and drop in membership of the U.F.A. The farmers would be very foolish to relax their efforts now, having attained so much for permanent economic improvement is difficult without co-operation, in business as well as in politics.

## AN OUNCE OF PREVENTION

By Dr. C. M. Hinks

Medical Director, Canadian National Committee for Mental Hygiene.

All over the world a new type of hospital is being built, the psychopathic hospital, where people who have mental troubles are studied and treated.

The very words, psychopathic hospital, indicate the new theories of medical experts—that mental troubles may be studied and successfully treated. A psychopathic hospital is also an aid in prevention. Prevention of the bad mental habits that frequently lead to insanity is part of the field of the science of mental hygiene.

The best time to prevent traits which in later years develop into forms of insanity, is in the very earliest years of childhood. Good habits of thinking are as easily formed as bad ones. Discipline, self control, courage, affection and loyalty, the strength of character and the qualities of personality that make for contentment and a happy useful life can be developed in children by curbing the bad and encouraging the good by personal example and precept. As in everything else, an ounce of prevention is worth a pound of cure.

The Eskline and Penn Districts are among the leading poultry sections of Alberta in the opinion of Mr. T. T. Clyde, Dominion Live Stock Branch Representative, who visited these points recently in connection with flock culling work.

## NOTHING TO WORRY ABOUT

— 7 —

A lot of people seem to be worrying about what will happen because neither the Conservative nor Liberal parties obtained a clear majority in the Federal Elections just concluded. Nothing very dreadful will happen. Parliament will meet. One party or the other will take the responsibility of forming a Government, and the business of the country will go on just the same.

The fact of neither party having a clear majority may be all the better, for the discussion of public business will be conducted on the floor of the house instead of behind the doors of a caucus. The main business of the parliament of Canada at the present time should be to administer the affairs of the country as economically as possible, cut out all projects that call for large expenditure of public money without a direct return, endeavour to reduce the national debt and the taxes. While no party has a clear majority it will be as easy for the party that is in office to spend money in the way the previous government did in its last few months in office, on elevators at Quebec, Trinité, Rupert, Halifax, etc., bridges at Montreal, and other schemes not warranted by the country's financial situation.

We have elected 245 members to Ottawa. Surely these 245 members have the welfare of Canada enough at heart to get together and conduct the country's affairs to the country's advantage. The idea that to ensure good government one party should have a clear majority over all others does not seem a reasonable one. In Canada we have elevated the welfare of the party above the welfare of the country, and if the present situation helps to break that spell, and makes members concentrate upon the welfare of their constituents rather than the welfare of their party, it will be all to the good.

Any company whose directorate was elected on the same basis as our parliamentary representatives have been in the past, that one section should oppose whatever measure the other section brought forward, would not earn dividends.

## PRINTED ENVELOPES

The United States postmaster general said recently that if everyone who wrote a letter would take the simple precaution of putting a return address on the upper left hand corner of the envelope there would be no need of a dead letter office; it could go out of business at once. As it is it costs the government about three millions of dollars a year to handle the nine million letters that go astray. And that, of course, takes no account of the losses to the sender or the intended recipient through the business letters that never reach their destination because of a little carelessness. The same holds true in Canada. The post office asks that the name should be printed on the outside of the envelopes on all business letters. Your local newspaper office will supply you with envelopes with printed address for a very low price. Call and get prices and help the postal department.

## HE'S WITH US AGAIN!

Now that the house party season's schedule has commenced—we again have that traditional past known as "The Life Of The Party" thrust upon us. You know—that bird who greets Everybody when he comes in with "Wow that I'm here, let the Riot get going!"

He may be a perfect stranger to you But, inside of five minutes, he's making "wise cracks" at your expense. He delights in nudging you in the ribs and, speaking close with his Over-perfumed breath, whispers—"Didja ever hear the one about the Two fishermen, etc."—a joke that Had whiskers on it when you kicked The bumpers off your grade. And Usually it's this pest who laughs Loudest at his own jokes.

He's the same guy who hauls out a Broom from the Kitchen, gives an imitation of a banjo player and then cracks his voice on all the high Notes in—"The Shade Of The Old Apple Tree."

And you're supposed to applaud. Or—Tiring of that, he gives the Old mids at the party a thrill—but Nobody is—by suggesting "let's play Post Office." Not so good.

At the table, he delights to put ovals in his ice cream when you're not looking. Or—slip some of the hostess's silverware in your pocket and then Embarrass you with "Look what I found in Jennie's pocket."

When called upon to make a toast, he Flatters the ladies and tells the men What "nooks" they are.

The dinner over, he sits there doing His dental work with a toothpick. A thought strikes him and he offers To—"recite some of Shakespeare's poetry." The same. For emphasis, he knocks a Glass of water over your best clothes And then, instead of apologizing, he Tries to get a laugh out of everybody With this line:

"When it rains, you can always see the water fall." And then, your evening is utterly ruined! Life of the Party? Blah! Compared to that limbo—it's A shame they drop perfectly Innocent kitters—

"Coffee better stimulant than rum," an authority

tells us. Quick, waiter, another cup. That first one's got us ready to buy the Woolworth Building!

## Slats' Diary

Friday—I got about 1/2 here at June  
today. I guess I am getting so I loose  
my temper to easy  
here of lately. But she  
was looking in a book at  
Reese and I walk up  
to her and I says what  
you are doing about  
Jane and she looked up  
at me and put on a  
smile and says I have  
been thinking you I  
and less easy what was  
you looking at that  
made you think of me  
and she showed me and  
she had been a looking  
at the pitcher of a dom-  
key. She can call it

Saturday—Mr. Gillen says she has  
got to be so much conversation at  
his house by about 1/2 of his family  
that now he has got a new name for  
his wife. He calls her the speaker  
of the House.

Sunday—The Sunday school teacher  
was asking a lot of questions today.  
She does not ask a lot of things for  
sum I supposed to be smart enough to  
be a teacher. She ask me how old was  
the 10th, and I said in a joking way  
why I guess it is as old as the hills.  
And she just smiled and said Why  
Slats that is 1 of the best answers you  
ever give to a question I ask.

Monday—Today at noon I sat  
up with diddled more married men  
and join the army instead of so many  
single men and passed well single men  
don't really so what war is. I wonder  
what wood man of sed of she had heard  
him say it but I guess if she had  
heard him he wood not of sed it out  
loud.

Tuesday—James says Jane is  
getting to be a real good guy more  
she sed from all reports he never gives  
in to a five easy more. Xcept mellow  
once and a while at Reese.

Wednesday—Got ready for school in  
a hurry because I got up late and I rub-  
bed off my shoes on 1 of my new  
Slick stockings. Which was the first  
lickin this week. So far.

Thursday—Was invited to a party  
tonite but I went them my great 4  
no what kinda party they will have.  
Lot a kissing games witch I don't  
care none. Kissing talks up to much  
time and then when you get tired  
with it why what have you got even  
ways.

## Here and There

Wishing farewell and bon voyage  
to the celebrated writer of the  
Scarlet Pimpernel, a bouquet of  
scarlet pimpernel was presented to  
Baroness Orby, when she embarked  
with her husband, Mr. Montagu  
Baroness, on the S.S. Montagu of  
the Canadian Pacific line, for  
England. The presentation was  
made on behalf of the company by  
Capt. Geo. Webster and President  
E. W. Beatty's card was attached.  
Baroness Orby came out to Canada  
to assimilate local colour for a new  
book, which will be eagerly awaited  
here.

Motor tourists from the United  
States brought \$150,000,000 in  
revenue to Canada in 1925, according  
to estimates of government officials.  
This sum is equal to a  
quarter of the value of the  
Dominion's wheat crop and approxi-  
mates the value of the annual  
mining output of Ontario, Quebec  
and British Columbia combined.  
More than 2,000,000 American  
automobiles, it is estimated, have  
crossed into Canada this fall.  
They carried in the neighbourhood  
of 9,000,000 persons, or a number  
equal to the total population of  
Canada.

C. B. Foster, passenger traffic  
manager of the Canadian Pacific,  
states that the success of the crop  
in the West this year will mean  
money more free and is bound to  
stimulate travel between Canada  
and the Old Country. To handle  
the expected increased volume of  
traffic, his company, he states,  
will run special trains early in  
December connecting directly with  
the company's Atlantic liners, sail-  
ing from the winter port of Saint  
John, N.B. These liners, he says,  
dates that are calculated to get  
passengers home to any point in the  
British Isles or the near continent  
in plenty of time for Christmas.

it is too late after the  
disaster to get addi-  
tional insurance.

## Be Not Deceived

You can't buy a suit or dress  
worth \$10.00 at less than \$7.00.  
We can't get any more than we  
pay for, either.

If you can't get a pair of  
glasses worth \$10.00 to \$15.00 at  
half the price.

If you think more of your  
pocket than to be satisfied with  
a "superficial" examination and  
then give you a pair of glasses—  
what they are worth—which isn't  
much.

Don't throw away good money,  
thinking you can get a real ex-  
amination and the best quality of  
lenses and frames for half their  
real value—you can't.

A good pair of glasses—cor-  
rectly fitted—will last for years,  
and be a source of real comfort  
and pleasure.

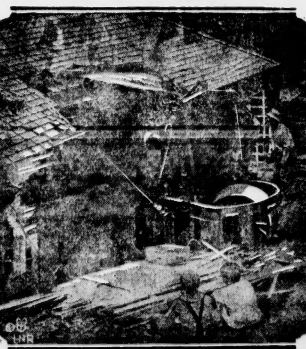

You will only have one pair of  
eyes. Be particularly careful with  
those you trust them.

Registered by the Boards of  
Examiners of Ontario, Manitoba  
and Alberta—with over 15,000  
satisfied pairs of eyes to our  
credit in 20 years' practice—in a  
record of which we feel fairly  
proud.

Unexpected Visit --- From A  
13 Ton Tractor!

Look what we have here. A picture  
that shows what happened to a per-  
fectly respectable home after a 13 ton  
tractor, with nobody to guide it—  
decided to go on a rampage. It hurtled  
down hill with such tremendous force  
that it all but totally demolished this  
residence, which happened to be in its  
path. Unfortunately, a woman and a  
boy were injured when the unexpected  
visitor threw them from their beds.
